

FUNCTION #12

Environment & Activism – Parlare di ambiente, problemi globali, azioni concrete

EPISODE 12 • Eco-Club Meeting VOL. 1

SOFIA

1 Did you see that documentary last night? The ocean plastic thing? I'm **properly shook**.

LEO

2 Yeah. It's **wild** how much we've **already damaged**. Feels like we've left it **too late**.

SOFIA

3 But we **haven't given up yet**, right? Our eco-club **has recycled** 200kg this term **already**.

LEO

4 True. Small wins. If everyone **did their bit**, it'd actually **move the needle**.

SOFIA

What if we **organized** a beach clean next month? **Got the van, got the people**.

LEO

Bet. I'll **design the posters**. Let's not be the generation that just **watched it happen**.

★ **REMEMBER! 2 phrases you NEED:**

★ 'I'm **properly shook**' / 'It's **wild** how...' = '**Shook**' = shocked/disturbed. '**Wild**' = unbelievable. Emotional reactions to serious topics.

★ '**We've already...**' / '**We haven't... yet**' = Present Perfect already/yet for environmental actions. What's done and what remains. Activism essentials.
