Memories & Year Reflection – Ricordare esperienze, riflettere sull'anno, confrontare passato/presente

EPISODE 14 • Courtyard, Late May

VOL. 1

1 Wait, **mocks** are done, summer's basically here... have we **actually** survived Year 10?

2 'Proper wild. **Remember September?** You were manifesting good grades and hiding in Notting Hill.

3 And you were **proper stressed** about maths, **doing your head in** every lesson.

4 We've **come so far** though. I've **actually passed** everything. Haven't cried once. Mostly.

5 I've **made real friends**, joined eco-club, even talked to that boy. **Who was that person** in September?

6 Someone who didn't know she'd **end up sat here** with me eating crisps and calling it a win. **Cheers to us.**

★ **REMEMBER!** 2 phrases you NEED:

★ **Have we actually...?** / **"We've come so far"** = Present Perfect for journey reflection. "Actually" adds surprise at achievement.

★ **Remember...?** / **"Who was that person...?"** = "Remember" for shared past. "Who was that person" = rhetorical growth reflection. Year-end essentials.
